## Why ILOPE

ILOPE is more than your booth. It is a chance to brand your company name and maximize your opportunities. Your public relations will be enhanced throughout the year as a part of your ILOPE exhibitor package.

## Must-attend with History

ILOPE, authorized by the State Council and organized by Council for the Promotion of International Trade (CCPIT) and COEMA, has been regarded as one of the most important and must-attend optoelectronic events in China, which launched in 1991. It helps you to find out how to get the best media exposure for your ILOPE investment and pay special attention to all the free publicity opportunities.

## Incredible return on your investment

Take advantages of ILOPE's powerful reputation and media coverage to help your business:

- To reach the broadest range of retail and corporate buying channels;
- To introduce and advance new products and services;
- To meet face to face with your next global business partners;
- To access industry market makers and new vertical markets;
- To gain exposure to key decision makers;

## Previous Show:

## Exhibits Profile

### Lasers, Infrared Sensors and Accessories

Lasers and laser applications  
 Opto-electric infrared sensors and equipment  
 Laser generators.  
 Optic and Opto-electronic sensors.  
 Acousto-optic sensors  
 Optic fiber sensors  
 Sensors

### Opto-electric Display Material and Equipment

Large screen display (LED) equipment and system  
 Opto-electric light emission device LED and related products  
 LED illumination system and related products  
 Facilities and apparatus for Organic electroluminescent display, field emission display, vacuum fluorescent display, Electrochromic display, and other flat panel display

### System, Network Design, and Integration Tools

Communication Networks, Systems  
 Design Video & Imaging Systems  
 Optical Communications Software  
 Wireless Communications

### Optical Communications Equipment

Laboratory & Test Equipment  
 Production Test Equipment  
 Manufacturing/Automation/Packaging Equipment  
 Communications Equipment  
 Fiber Manufacturing Equipment  
 Network Test Equipment
